

MINDlab, Interacting Minds, Autism@Aarhus, DNC Seminar:

Autism@Aarhus' second anniversary meeting

Wednesday 29 August 2012

13.30

DNC Auditorium, Building 10G

Aarhus University Hospital, Nørrebrogade 44, 8000 Aarhus C.

Please come to the second anniversary meeting in Autism@Aarhus. You will hear what is happening now in autism research, presented in five short talks. There is time for networking over coffee and cake afterwards.

ALL INTERESTED ARE WELCOME.

We look forward to seeing you!

PROGRAM:

Raffaele Rodogno, coordinator of the Autism@Aarhus network

Welcome

Chair: **Professor Uta Frith**

1. **Freja Bertelsen**
Valproate: a rodent model for autism
2. **Jørgen Scheel-Krüger**
The role of GABA and serotonin for autism and neurodevelopment
3. **Joshua Skewes**
Visual attention in ASD: preliminary findings and a hypothesis
4. **Riccardo Fusaroli & Ethan Weed**
People with Asperger Syndrome sound different than neurotypicals, but how exactly?
5. **Erik Parner**
Epidemiological autism studies
